ADVERTISING/PROMOTIONAL SERVICES

The Mercedes-Benz Superdome Marketing team provides a wide variety of media and advertisement services for all events booked within our facilities. Our staff has extensive experience in media planning and buying, creative services, sponsorship sales, public relations, promotions and publicity. This experience has allowed us to form unique partnering relationships with local companies and organizations. For more information, please call (504) 587-3924

SPONSORSHIP RIGHTS

Building management retains the exclusive rights to sell fixed advertising panels, HD end zone board messages, message boards and all other concourse, interior or exterior stadium signage. The promoter shall have the right to sell sponsorships that are directly related to their event, which include certain elements such as, temporary banner signage in the inner bowl and stadium concourse. HD end zone board and message board display associated with event sponsorship must be purchased by Lessee at prevailing rates and shall not conflict with any of the existing Superdome sponsors. All temporary signage, message board and HD end zone board requests must be made by the promoter in writing at least 30 days prior to the event and such request shall describe in detail the message content, location and nature of the advertising or sponsorship.

Exclusivity, within certain product categories, has been granted by the Mercedes-Benz Superdome. If a conflict between sponsors arises, these exclusives will not be waived during the event. In addition, all signage may not be covered or digitally altered for in-stadium viewing or broadcast purposes.

WEB SITES

The Mercedes-Benz Superdome site on the World Wide Web is www.mbsuperdome.com.

INTERNET CONNECTIONS

- High Speed Internet Service is available throughout most areas in the complex, Mercedes-Benz Superdome, Smoothie King Center and Champions Square. Services outside the buildings may not be able to be provided. The Internet Services can be provided at speeds from 10 Mbs to 100 Mbs (in 10Mbs increments). Requests for Static IP's, Switces/Hubs, and additional AP's on the Internet can be provide for an addition fee.

ISDN

- SMG does not supply ISDN lines. ISDN lines can be purchased from AT&T and installed by them for an end-to-end solution (1-866-620-6900).

TELEPHONE/INTERNET SERVICE

The Mercedes-Benz Superdome are exclusive providers of telephone and Internet services. All telephone and Internet services can be handled in house. Please inform your Event Coordinator of any telephone and Internet service requirements as soon as possible. Your Event Coordinator will then put you in touch with our in-house Communications Department and develop the costs associated with such service. The costs associated with telephone and Internet service are subject to change.

TYPES: Regular Analog (or POTS) service with or without Long Distance

- These are available throughout most areas in the complex, Mercedes-Benz Superdome, Smoothie King Center and Champions Square. Service is also available in Lot 4. Services outside the buildings may not be able to be provided.

AT&T BUSINESS CENTER

- The only exception to our in-house IT department providing all phone and internet services is the following:

All dry pair and ring down phone lines, devices, etc. for events involving teams on the field must be ordered directly through AT&T. The AT&T Business Center can be reached at 1-800-397-6858. Please contact them for these specific IT requirements. AT&T should be contacted directly for any troubleshooting.

PRODUCTION

CABLE TELEVISION

HD Cable TV can be provided to any location inside of the Mercedes-Benz Superdome as well as other exterior areas. Exterior locations would have to be provided on an as needed basis, as the ability to get to any location would vary depending on the event. As well as providing local cable we can also provide eleven (11) internally generated channels on the cable feed.

The Mercedes-Benz Superdome is equipped with a state of the art cable distribution system. Nearly every area of the building is wired for CCTV, including all concourses, locker and dressing rooms, suites, club lounges and offices. Equipment includes DSS, and C/Ku band satellite receivers. In addition to Cox Cable TV system, there are twenty (20) locally insertable channels.

WIRELESS CLEARCOM

Wireless clearcom systems are available in the Mercedes-Benz Superdome with. Drops are located or can be run to all normal spotlights, front-of-house areas, and stage locations. Wireless clearcom is also available to the house lights operator.
